- Multi-Function (Splice/Patch)
- Up to 2 LC Terminations or 1 SC
- Indoor Installation
- Impact-resistant enclosure
- Clip on Unbranded Lid
- Up to 2 customer Drops
- 4 x Entry Ports
- Midspan Through Channel
- Through Wall Access Port
- Dual Gang Box Compatible
- 146 x 86 x 20 mm

Application

The SBS Wallbox is developed to be a discreet product that can be deployed either at the end of drop cables or midspan along multicore fibre routes.

With the ability to accommodate Splice only or Splice and patch it simple to install future proof infrastructure.

The Box is a High-Quality ABS housing.

Design

A low visual impact box can be installed high up flush to the ceiling to reduce the risk of tampering.

Can be delivered with a range of adaptors and pigtails pre-installed.

Provides a location outside each dwelling to loop corridor cable, drop off one fibre and splice to a pigtail ready for customer connection.
