

Slitter & Grip Assist Tool

Handy tools for mid-span stripping

Features

- Lightweight and durable polymer construction
- Shielded blades promote safe operation and prevent cuts and lacerations
- Handy rubber cable grip designed to hold coaxial cable during the pulling operation & connector insertion

Application

Mid-span stripping

Design

Slitter:

The unique articulating hinge allows accurate end AND mid-span stripping without disassembling the tool — simply close the tool over the cable and pull to slit jacket. Shielded blades promote safe operation and prevent cuts and lacerations. Ergonomic design with convenient opening tabs fits comfortably in hand and requires minimal effort to use.

Grip Assist Tool:

Handy rubber cable grip designed to hold 59, 6, 7 & 11 series coaxial cable during the pulling operation & connector insertion. Stable base is designed for most data/voice modular jacks when punching down wire. Construction from flexible, rubberized material to ensure maximum cable & wire gripping action.
