

MDVN 82KH Compressor

14 bar Portable Air Compressor

Features

- Operating pressure: 7bar/102psi, 10bar/145psi, 14bar/203psi
- Engine: KOHLER Diesel
- Max engine power @2600 rpm: 55,4 kW - 73.6 HP
- Weight: 1540kg (with brakes), 1386kg (without brakes)
- Options and accessories available

Product Information

- Design with a modern, slender and aggressive line
- Electro-galvanized bodywork and chassis with advanced painting procedure to grant excellent preservation through time
- Compact dimensions for easy handling and optimum dimensions / delivered power ratio
- Stage IIIB-Tier 4 Final compliant, without DPF filtration system (less maintenance costs) Filters “spin-on” type for quick maintenance.
- Full accessibility for easy and rapid maintenance and service
- European homologation for road circulation with brakes.
- KOHLER Stage III B - Tier 4 Final engine. Without DPF filtration system (less maintenance costs)
- Exclusive pneumatic control system, developed by ROTAIR, to adjust automatically engine revs, depending on the air to be delivered. This system is highly reliable and ensures fuel consumption saving.
- Start/stop “INTELLIGENT SYSTEM”, exclusive from ROTAIR, to prevent the risk of incorrect procedures during specific functioning.
- Air/oil separator filter, highly oversized, can guarantee an excellent air/oil separation.
- The air and oil filters of the compressor and the air and oil filters of the engine are independent.
- Two stages oversized air filter for compressor part, to guarantee good filtering of the air intake by airtend.
- Two-stage air filter for engine part.
- Combined radiator allowing both compressor oil cooling and engine liquid cooling.
