

# End Caps for Microducts

Soft End Caps, for 3-20 mm Microducts

---

## Features

- Easy to mount
- Slim design
- Re-useable

## Application

The end caps are used for temporarily seal open microduct ends to avoid water and dirt from entering the microducts.

## Design

Soft vinyl end caps for above ground use. They provide protection against dirt, water, oil, greases and acids entering the microducts.

## Technical Information

### Ordering Information
