

MTP modules for Multimode

Flexibel and user friendly system for patching MPO/MPT cable assemblies. Up to 96 fiber 1U with 4 modules

Features

- User friendly
- High-Density
- Different connector types: MPO, LC, SC
- Multimode

Application

- Data centers
- FTTx
- CATV

Product Information

Designed for Subrack LM-5863/01 or front plate LM-5680

Technical Information

Product Color	Black
Fiber Type	OM4
Insertion Loss, max [dB]	MTP max 0,35, LC/SC 0,2
Return Loss, min [dB]	MTP min 20, LC/SC 20
Ordering Information	Other types and configuration on request
