

Joint Closure Submarine

Closure 1-192 fibers for GJMLTV

Features

- Heavy duty submarine joint
- Up to 192 fibers
- Hermetically sealed

Application

Submarine cable joint closure made of heavy-duty stainless steel. Provides a hermetically sealed cable joint for loose tube fiber optic submarine cables. The joint can handle up to 192 fibers.

Design

Hermetically sealed submarine joint designed for Hexatronic GJMLTV loose tube submarine cables.
