

Fiber Optic Connector Adapters

For Fiber Optic Termination

Features

- High quality fiber optic adaptors
- Large selection of versions
- SC, SC/APC, LC, LC/APC, MU, ST, FC
- Simplex, duplex or quad versions
- With- or without safety shutters
- Slim or flange mounted type

Application

Fiber optic adapters for Optical Distribution Frames, closures, wall outlets and other termination units, all of premium grade for lowest connector loss.

Design

Simplex, duplex and quadruplex connector options. Adapters with shutters provide a safe mechanism for protecting laser radiation from harming eyes.

Adapters with flanges enables secure mounting with screws. Th flangeless versions allows higher packaging density.

Product Information

RNT 992 10/12, RNT 992 10/13, RNT 992 10/22, RNT 992 10/23 RNT 992 11/12, RNT 992 11/13, RNT 992 11/22 and RNT 992 11/23 >90° Glass transition temperature of the latches.

Similar versions with standard operating temperature is called HRNT

Technical Information

Lämpötila, käyttö [°C]	-40°/+70°
Lämpötila, varastointi [°C]	-40°/+70°
