

Indoor/Outdoor Drop Cable, Extra Protected

GNGQBDV 1-4 fibers G657A2 StdE

Features

- Excellent indoor/outdoor installation performance
- 1-4 fibers, G657.A2
- Easy to access and identify fibers
- Very good temperature performance
- Diameter optimized to 4.8 mm to be used for cable clamps
- Robust and flexible design
- Halogen-free, fire-resistant sheath

Application

GNGQBUDV is a fiber optic drop cables for indoor/outdoor FTTx applications.

The drop cable is primarily intended for direct installation, i.e. installation with staples or clips or routing inside cable raceways and mouldings. This installation technique puts extra tough requirements on the cables in terms of bend performance, crush resistance and other mechanical parameters.

The drop cable has extremely good bend performance due to the G657.A2 fiber and the inbuilt bend restriction of the cable design. The cable will by itself control the minimum bend radius and permit kinking.

Design

The drop cable is available with 1, 2 or 4 tight coated fibers.

The tight coated fibers allow easy splicing or connector assembly. Aramide yarns around the fibers guarantee the tensile performance. The sheath is made of flame-retardant fire resistant material.

Product Information

- 1 Primary coated fiber: Silica, acrylate
- 2 Tight secondary coating, PA
- 3 Water blocking aramide yarn
- 4 Sheath: Polyethylene, Halogen free, flame retardant

Technical Information

Product Color	Black Sheath
Color Code	STDE
Temperature, Operation [°C]	-40 to +70

Temperature, Storage [°C]	-40 to +70
Temperature, Installation [°C]	-15 to +50
Water Blocking	Longitudinal water blocking according to IEC 60794-1-2-F5B
Reaction to Fire	Flame resistance according to IEC 60332-2-24
Fiber Type	G657A2
Attenuation @Wavelength [nm]	1310/1550
Maximum Attenuation [dB/km]	0.40/0.28
Conformance	<p>Longitudinal water blocking according to IEC 60794-1-2-F5B.</p> <p>Mechanical and environmental tests in accordance with IEC 60794-1-2.</p> <p>Flame resistance according to IEC 60332-2-24.</p> <p>Fiber parameters and tests according to the IEC series 60793-2 and 60793-1.</p>
Ordering Information	Supplied lengths: 1 or 2 km
