Hexatronic

Customer Termination Box 3 (CTB3)

Enables blown fibre and fixed cable access to the customer premises

The Heatronic CTB (CSP) enables Blown Fibre and fixed cable access to the customer premises. Compatible with all standard deployment methods including Blown Fibre Drop Tube and fixed cable from overhead, external duct or internal duct.

The unique two layer management system provides separate work areas for both Network and Access. Each space can accommodate Splice, Patch and Storage.
To ensure the product is presented well on customer properties, the CTB interfaces directly with our standard capping and hardware.

Features
• 30mm bend radius
• Input cable range 3-7mm
• Output cable range 3-7mm
• Accepts ABF, OH Drop, UG Drop
• Multi-access locations
• Exit through the base or rear of the enclosure
• Tamper screw option
• 8x Splice, 4x Patch
• UV Stable

Specifications

Ports	2 cable, 4 patch
Cable Diameter	3-8 mm
Dimensions	140 x 190 x 45 mm
Splice Capacity	8
Patch Capacity	4
Material	PP, ABS or HIPS

Stackable Management (tool-less)

140 mm

45 mm

190 mm

Top Module

Bottom Module

ENPP-CTB-03-003
1. Adaptor
2. Splice Holder
3. Fibre Loop Storage
4. Cable Tie Point
5. Cross Module Access Channel

CTB3 Interfaces directly with our capping and hardware

Combine the Customer Termination Box 3 directly with the Hexatronic External Capping hardware; a system designed to protect cables and microducts at the customer demarcation point. Providing a swift and trouble-free install, whilst maintaining a presentable, discreet and modernised look.

• Includes capping, base and top

• Ability to alter height of capping to suit premises

• Available in a range of colours to match your CTB3

• Provides cable protection to customers' premises
• Impact-resistant

Hexatronic

Flexibility
Designed to serve any network topology.

Protection
Built to withstand harsh environmental conditions including dust, moisture and UV.

Performance
Controlled bend radius which reduces the risk off attenuation caused by tight bends.

Easy installation
Mounts on a wall or other flat surface with minimal tools.

Hexatronic creates sustainable networks worldwide. We collaborate with customers on four continents – from telecom operators to network owners – and offer leading, high-class fiber solutions for all conceivable areas of use.
